

WE CARE COMMITMENT

Under the "we care" promise, *Just* is committed to bringing the excellence of nature to the world and significantly contributing to the economic, cultural and structural development of the region from where we originated, in the canton of Appenzell, Switzerland.

A self-exam takes only 5 minutes and could save your life.

In the shower:

Using the Elder Flower & Melissa Shower Gel, lather your hands and glide them over your breasts and underarms in a circular motion searching for lumps, irregularities or changes in texture.

In front of a mirror:

With arms raised behind your head, scan your breasts for any changes in shape or texture. Repeat with arms at your side and with your hands on your hips.

Lying down:

Place a pillow under one shoulder, resting your arm behind your head and with your other hand feel your breasts, applying gentle pressure with the pads of your fingers in a circular motion. Gently pinch your nipple to check for any type of discharge.

Just products provide comfort and well-being. They do not replace the recommendation of a qualified doctor nor are they intended to diagnose, alleviate, treat or cure any disease. *Just* products are dermatologically tested. *Just* takes pride in Customer satisfaction. If you are unsatisfied with your product, it will be replaced free of charge within 30 days of purchase. Some restrictions may apply.

The earlier the detection, the greater the chances of a successful treatment. We recommend taking the following steps:

1. Monthly breast self-exam.
2. Annual checkup.
3. Annual mammogram.
